# Introduction

AMFCO International is a trusted and recognized name in the market for past twelve years and is providing top notch IT solutions for companies to expand their technology infrastructure in cost effectively and efficiently. AMFCO belongs to a selected group of high technology companies in Pakistan. It specializes in providing solution in Data and Telecommunication technology exclusively, with the biggest pool of highly qualified and dedicated technical and sales specialist in the country.

The company possesses expertise in the following areas:

- Contact / Call Center Solution
- Unified Communication & Convergence
- Business Intelligence
- Work Force Management
- LAN / WAN Solutions
- Fraud Detection
- Information Security
- Wireless Networking Solution
- System Integrations
- Business Applications & Business Continuity
- Infrastructure Designing and Implementation
- Storage & Data Recovery
- Consultancy & Professional Services
- Support, Monitor & Control Services
- Project Management & Execution
- Professional Training

AMFCO was founded in 1996, and has a wide array of client base using its full service information technology, however realizing the growth and potential in the Data, Voice and Video Communications market, the company expanded itself to include System Design and Supply of Equipment & Services, to cater to the diversified needs of the Corporate, Industrial, Government and semi-Government Sectors.

At AMFCO International we go an extra mile to provide Excellence in our Products and Services to go beyond our clients expectations. We don't just meet our clients' expectations at a certain level but build a long term relationship.

# Mission

At AMFCO our mission is to provide innovative and objective solutions with an edge of technology offerings to find the most effective and affordable fit, to help our customers meet their needs of having a high performing, reliable, manageable and cost effective solution.

# Vision

To be the best provider of communication services at international level, through collaborating with other companies of the industry and developing pool of expert, dedicated and through professionals.

The excellence in quality is the first commitment with all our customers. We want to be recognized by our quality services, as much by the clients, as by the principals/suppliers and the professional and social sectors in which we develop our activity.
